The committee tabled a request for a new "I" suffix which would identify courses that include a significant amount of instruction and/or assignments in a foreign language. The committee requested the proposal be reviewed and approved by the Franklin College of Arts and Sciences before it was considered by the UCC.

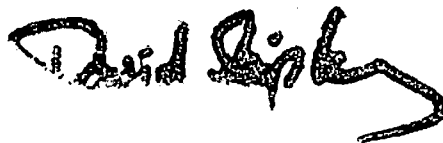

The committee discussed the request from the Statutes and Bylaws committee of the University Council to revise the membership of the University Curriculum Committee as outlined in the bylaws. The UCC recognized the concern of allowing administrators to serve on the committee but agreed that the committee has worked independently and without administrator influence. The committee agreed that the membership of the University Curriculum Committee outlined in the bylaws does not need to be revised and that representation on the UCC should continue to be determined by faculty vote within schools and colleges.

The committee approved a proposal to change the definition of E suffix courses from courses in which more than 50% is delivered through distance learning to courses in which more than 95% is delivered through distance learning.

The committee re-elected Mr. David Shipley to be the University Curriculum Committee Chair for 2012-2013.

The meeting adjourned at 4:30 p.m.
