## MEMORANDUM

TO: Dr. David Shipley, Chair  
University Curriculum Committee

Dr. Marisa Pagnattaro, Chair  
Educational Affairs Committee

FROM: Dr. David Williams, Chair *DW*  
AP Council

SUBJECT: AP Council Information Items

As chair of the AP Council, I am writing to forward to the University Council Curriculum Committee and the Educational Affairs Committee, as information items, the following actions taken by the AP Council at its last meeting (November 3, 2010) and in an email vote following the meeting:

1. *The University of Georgia academic departments will no longer accept CLEP scores for initial course credit or placement for students enrolling at UGA. Course work credit, based on CLEP scores and reflected on transcripts submitted by the applicant for transferrable course work, will continue to be accepted at UGA.*
2. *The Geography Department has decided to award credit for IB and will use the following process: ...since there is no one class that fits the requirements, we decided to determine, on a case by case basis, whether to assign 3 credit hours of either GEOG 1101 or GEOG 1111. As far as a process, we decided that an undergraduate advisor within the department will meet with any students interested in exploring credit and based on the syllabus that student has, the score that student received on either SL or HL courses, and the attached rubric, that advisor will make a decision.*
