Dear Colleagues:

Sincerely,

David E. Shipley, Chair

Summary of Proposed Changes to University Council Bylaws (Spring 2012)

1. Some minor typos are corrected. The list of faculty titles was updated.
2. We propose that eligibility to serve as Executive Committee Chair-Elect be changed from an executive committee member in his/her second year to one with at least two years remaining on the executive committee and with at least one year of prior service on the executive committee. This opens it up to members in their first year of a three year term who had served a previous term on the executive committee.
3. There are significant changes proposed to the manner in which items move to the UC agenda. Eight different ways are reduced to three. Items from the President still go straight to the UC agenda. Items from UC committees still go to the UC agenda unless the executive committee votes by a 2/3 majority to send them back to committee. All other items are treated in the same manner, which is either a) sent to an appropriate committee with a majority vote of executive committee, b) sent straight to the UC agenda with a 2/3 vote of the executive committee, or c) would simply go nowhere if they did not get at least a majority from the executive committee.

Under this procedure we also propose changing the rule for petitions to increase the number of petitioners needed and to generalize the group. Now a group would need 100 members (not 50), but they could be faculty, staff, and/or students (before it was only faculty).

Items can still be placed on the UC agenda by a 2/3 vote of UC members at the meeting.

4. We propose changes in the membership requirements for the UC Curriculum Committee. Specifically, the faculty who shall be elected by colleges must not hold administrative appointments at the assistant dean or assistant vice president level or above. The purpose of this change is to ensure actual teaching faculty are making curriculum decisions, since this is supposed to be an area where faculty governance rules.
5. We propose that the meeting requirements be adjusted so that meetings are usually face-to-face, but there are allowances for electronic meeting; so that the faculty grievance committee does not need to meet each semester, but only as needed; and that committee minutes be posted on the web or otherwise be made available electronically.
6. Rules are proposed for elections in the case of ties. They are the same as regular elections, there just wasn't a rule.
