Subject: Change in Landscape Management Area of Emphasis

The Undergraduate Curriculum Committee of the Horticulture Department has voted to change the name of the Landscape Management Area of Emphasis to the Landscape Contracting Area of Emphasis. I have attached a letter of support for this change from the Dean Nadinecek of the College of the Environment and Design.

**Rationale for change:** The terms "Landscape Contracting" and "Landscape Management" are used synonymously; however, we believe "Landscape Contracting" will have better name recognition among potential students.

Thank you.

**Re:** Landscape Contracting Area of Emphasis Proposal from Horticulture

The College of Environment and Design fully supports and officially endorses the Horticulture Department's proposal to change the name of their emphasis area from Landscape Management to Landscape Contracting. Dr. Smalley and Professor Berle of the Horticulture Department met and discussed this change with Professor Coyle, BLA Coordinator, and Associate Dean Scott Weinberg in our College. I was involved in discussions from the beginning.

We look forward to working with the Horticulture Department in the future.
