CAMPUS

Dear Fiona:

We wish to terminate the Ed.D in Mathematics Education because it has not been active since we established the Ph.D. There are currently no students enrolled in the program, and we have not admitted students to the program for over 15 years. There are no immediate plans for reinstatement of this degree program. Terminating the degree will have no impact on other degree programs in our department.

Please let me know if you have any questions.

Sincerely,

Denise A. Spangler
Department Head

cc: James Marshall, Associate Dean

Dear Fiona:

We wish to terminate the Ed.D in Special Education because it is no longer active. There are currently no students enrolled in the program and there have not been any graduates in the last five years. There are no plans for reinstatement of this degree program.

The department supports this decision to terminate. In fact, we thought we had terminated the degree several years ago. Terminating the degree will not weaken other degree programs offered in our department; at the doctoral level, we are concentrating on growing our Ph.D. program

Please let me know if you have any questions.

Sincerely,

Al De Chicchis
Department Head
