II. Conditions for Deactivating or Terminating Programs

The deactivation (temporary suspension) or termination (discontinuation) of programs is expected to address satisfactorily the conditions listed below in order to be approved and implemented within the University of Georgia. Please provide sufficient information to confirm each condition.

1. Provide copies of the studies and decisions that warrant deactivation or termination of the program.
2. State the reasons for deactivating or terminating the program.
3. State the plans for allowing those students already in a program to complete degree requirements.
4. What will be done to minimize the impact of deactivation or termination of the program upon the personal and professional lives of the faculty involved?
5. What will be done to insure that deactivation or termination of the program does not weaken other programs (graduate, undergraduate, or professional) for which the department may be responsible?
6. What plans, if any, is there for subsequent reactivation or reinstatement, respectively, of the deactivated or terminated program?

To Whom It May Concern

In response to the Basis Information Item 8 of the instruction regarding termination of a graduate program at the University of Georgia, I am writing this letter of explanation. The Seven Year Program Review of the Center for the Study of Global Issues (Globis) was concluded on July 29th, 2010. The Review Committee had recommended the termination of the Certificate program for two reasons: (1) There has been a shortage of student enrollment in the program; (2) The newly created Master in International Policies (MIP) within the School of Public and International Affairs (SPIA) which is designed to achieve generally the same objectives as a practical degree. Given the above, the continuation of the Certificate Program at the graduate level deemed unnecessary. I agreed with the Review Committee's recommendation for termination of the program.

If you have any questions or should you need additional information I can supply, please let me know.

Sincerely,

Han S. Park
Director of Globis
