Curriculum:

It is important to ensure that the integrity of each individual program is maintained when selecting courses (maximum 12 credit hours) that may be used to satisfy the requirements of both programs. Please provide the following information:

- Include the following program requirements:
 - Specify which graduate-level courses can be used to satisfy undergraduate program requirements.

ECON 8010, Microeconomic Theory I (3)
ECON 8020, Microeconomic Theory II (3)
ECON 8040, Macroeconomic Theory II (3)
ECON 8050, Macroeconomic Theory II (3)
ECON 8080, Introduction to Econometrics (3)
 - Provide any additional requirements that are unique to the dual degree pathway, such as certain courses or groups of courses (e.g., Area of Emphasis) that students must complete and/or any limitations on course selection.

Students may take no more than 9 credit-hours of ECON 7000 and 7300. At least 21 credit-hours must be from 8000-level courses.
- Provide a sample program of study for the dual degree pathway. (Sample Dual Degree Pathway Program of Study)
See attached sample program of study.

Admission:

- Specify how students will be admitted to the dual degree pathway:
 - Address how and when students will apply to the dual degree pathway.

Before students have completed 12 hours of graduate level coursework, they must attend an information session and meet with the Undergraduate Advisor and Graduate Coordinator.
 - Include specific admittance requirements, such as coursework, GPA, and required tests.

Students must have a minimum cumulative GPA of 3.7 and have completed the Mathematics requirements during years 1 and 2.

Resources:

- Describe any additional resources required to implement the dual degree pathway. If additional resources are needed, indicate how such needs will be addressed.

Note: Assessment will not be addressed for the dual degree pathway, as each degree will be assessed as part of the individual program review process.

Economics (BBA) 4-Year Degree Plan

This document is offered as an aid only for planning a Terry College of Business degree plan. Many factors affect a course scheduling sequence. Additional General Elective hours may be needed to meet the UGA 120-hour requirement (not including PEDB credit). An honors/online equivalent or study abroad coursework may satisfy requirements in the 4-year degree plan. See UGA Bulletin <http://www.bulletin.uga.edu/> for details.

Dear Ben:

Over the course of this year, we have been developing a dual-degree proposal to formalize our combined bachelor's/master's degree program, which has been offered through the collaboration of the Department, Honors Program, and Graduate School since 2005. Dual-degree status will not affect the substance of the combined bachelor's/master's degree, but should enlarge the pool of eligible applicants, while at the same time allowing the program to maintain its high standards. As you know, the program costs nothing, but consistently produces some of the best job and PhD program placements in the Terry College.

Attached are three documents: (1) the proposal, (2) an AB/MA program of study, and (3) a BBA/MA program of study. I am grateful to the members of the department's UPC for their effort in formulating the initial proposal and incorporating the recommendations of Curriculum Systems staff. I am submitting these documents to Marisa and Henry, who will shepherd the proposal through Terry's GPC and UPC.

The dual degree program has the unanimous support of the Economics Department faculty, with 14 voting in favor and none opposed.

Let me know if you have any questions.

Best,

Christopher Cornwell
Professor and Head
