CAMPUS

Dear Committee:

Attached is a proposal to establish an “Area of Emphasis” for Health & Physical Education majors. Our program faculty has determined that we have an emerging type of student that wants to teach sport and physical activity but not in public schools. Therefore, these students are best served by taking coursework and having other educational experiences different from than the required *KINS 5460 – Student Teaching in Physical Education* which is required for anyone seeking to be a school teacher.

Previously, we have given students the option of pursuing a “non-certification track” but now need it to be officially declared an “Area of Emphasis.” Further necessitating this action is the new policy of the *Georgia Professional Standards Commission (PSC)* requiring Teacher Preparation Programs to collect/report key assessment data on all students in the program. These data are intended to reflect only those students who are truly preparing to be school teachers.

Currently, “non-certification track” students not clearly marked as having an “Area of Emphasis” are included in the program and COE data collection and can render the data invalid. The ramifications of having invalid data are, as you know, severe for Teacher Preparation Programs and Colleges of Education in Georgia. Having non-certification track students not classified as Teacher Candidates (TCs) makes it easier for our program and the COE to provide data that are accurate and representative of our TCs and our program.

As Program Coordinator, I respectfully request that you approve this proposal.

Sincerely,

Bryan McCullick, Ph. D.

PROPOSAL FOR AREA OF EMPHASIS

School/College: College of Education

Department/Division: Kinesiology

Major: Health and Physical Education, B.S.Ed.

If major has more than one area of emphasis, submit all areas of emphasis under one major together. A course may appear in more than one area of emphasis, but each area of emphasis should have a distinct focus.

Major Requirements: Attach a list of requirements for the major. Undergraduate programs may attach a copy of the major requirements from the online bulletin. Graduate programs may provide a list of general requirements for the major.

Area of Emphasis Title (as it will appear in the *Bulletin*): Educational Studies in Health and Physical Education

Proposed starting date: Fall 2015

Area of Emphasis Description: Include prefixes, numbers and titles of required courses, number of credit hours required; residency requirements (if any); and grade requirements (if any). Graduate Areas of Emphasis may refer to groups of courses if necessary.

Students choosing the non-teaching option in Educational Studies must take 14 credit hours in lieu of Student Teaching (KINS 5460). Courses may be selected from the following, but enrollment may be dependent on required prerequisites and/or permission of instructor. Other courses requested by the student and approved by program coordinator may be substituted:

KINS 3420 - Managing the Legal Aspects of Sport (3 hours)

KINS 3415 - Philosophy and Ethics in Sport (3 hours)

KINS 3500-3500L - Personal Training (3 hours)

KINS 3510 - Group Exercise Instruction (3 hours)
