

## Environmental Awareness Subcommittee – 2021-2022

### Subcommittee Members:

Rodney Mauricio, Chair  
Nick Fuhrman, College of Agricultural and Environmental Sciences  
Shannon Hostetter, College of Veterinary Medicine  
Amanda Rugenski, School of Ecology  
Anne Marie Zimeri, College of Public Health, absent

The Environmental Awareness Subcommittee of the University Curriculum Committee met on November 18, 2021, at 10:00 a.m. via Zoom.

The subcommittee unanimously approved the minutes of the October 12, 2021, meeting.

The subcommittee unanimously approved the following courses to fulfill the University-wide Environmental Awareness Requirement. These courses were previously approved, but removed from the approved course list during a full course review in 2019. The courses were revised and resubmitted for consideration.

- GEOG 1113, Exploring Earth's Surface: Landforms and Environments
- GEOG 1113E, Exploring Earth's Surface: Landforms and Environments

The subcommittee unanimously denied the request for GEOG 1113L, Introduction to Landforms Laboratory, to fulfill the University-wide Environmental Awareness Requirement. This course is a co-requisite to GEOG 1113, Exploring Earth's Surface: Landforms and Environments, and GEOG 1113E, Exploring Earth's Surface: Landforms and Environments, so students would satisfy the requirement by taking the lecture component.

The meeting adjourned at 10:05 a.m.

Rodney Mauricio, Chair  
Environmental Awareness Subcommittee
